

# Bo Kang

Ghent University  
Internet Technology and Data Science Lab  
Technologiepark Zwijnaarde 19  
Ghent, 9052

Phone: +32 4856 13164  
Email: bo.kang@ugent.be  
Homepage: users.ugent.be/~bkang

## Education

- **Ph.D., Computer Science**  
Faculty of Engineering and Architecture, Ghent University, Belgium, 2015 - Present
- **M.Sc., Computer Science**  
Institute of Computer Science, University of Bonn, Germany, 2012 - 2015  
**Grade: 1.0/1.0, ausgezeichnet**
- **B.Eng., Software Engineering**  
College of Software Engineering, Sichuan University, China, 2005 - 2009  
**Grade: 2.3/1.0, gut**

## Work Experience

- **Ghent University**, Ghent, Belgium, 10/2015 - Present.  
*Doctoral Student*, Advisors: Prof. Tijl De Bie, Dr. Jeffrey Lijffijt  
I am working on project “FORSIED” - formalizing subjective interestingness in exploratory data mining. My primary interests are data mining and machine learning, and more specifically dimensionality reduction algorithms for visualization.
- **University of Bristol**, Bristol, United Kingdom, 06/2015 - 09/2015.  
*Research Assistant*, Advisors: Prof. Tijl De Bie, Dr. Jeffrey Lijffijt  
I worked on project “FORSIED” - formalizing subjective interestingness in exploratory data mining.
- **Fraunhofer IAIS**, Schloss Birlinghoven, Germany, 06/2012 - 05/2015.  
*Research Assistant*, Advisors: Dr. Mario Boley, Dr. Tamas Hórvath, Prof. Stefan Wrobel  
We investigated co-active learning models and adaptive time-allocation strategies to develop an exploratory data analysis system - “One Click Mining”. This project later evolved into two open source projects: realKD and Creedo.
- **University of Bonn**, Bonn, Germany, 09/2012 - 12/2012.  
*Research Assistant*, Advisors: David Dröschel, Prof. Sven Behnke  
I worked on the visual odometry module of a lightweight quadcopter.

## Publications

- **B. Kang**, J. Lijffijt, R. Santos-Rodríguez, and T. De Bie, “SICA: Subjectively interesting component analysis,” *Data Mining and Knowledge Discovery*, 2018, to appear

## Presentations and Posters

- **B. Kang**, J. Lijffijt, R. Santos-Rodríguez, T. De Bie, “A graph based approach for formalizing subjective interestingness of data projections”. Poster: *The 14th International Symposium on Intelligent Data Analysis (IDA)*, 2015.

- **B. Kang**, “One click mining: Interactive local pattern discovery through implicit preference and performance learning”. Presentation: *Advanced Database Research and Modeling Group*, University of Antwerp, Belgium, Aug. 19-20th, 2013.

## Teaching Experiences

- Ghent University, Spring Semester 2016, 2017, 2018  
Teaching Assistant, I am supervising the laboratory classes of the *Big Data Science* lecture.
- University of Bonn, Summer Semester 2014  
Teaching Assistant, I was giving the exercises of the *Data Mining* lecture.
- University of Bonn, Winter Semester 2013  
Teaching Assistant, I was giving the exercises of the *Machine Learning* lecture.
- University of Bonn, Summer Semester 2013  
Teaching Assistant, I was correcting the assignments of the *Data Mining* lecture.

## Community Services

- Program committee member, *European Conference of Machine Learning and Principles and Practices of Knowledge Discovery in Databases (ECML-PKDD)*, 2016, 2017, 2018.
- Program committee member, *ACM SIGKDD Workshop on Interactive Data Exploration and Analytics (IDEA)*, 2017.
- Program committee member, *Computer Science Conference for University of Bonn Students (CSCUBS)*, 2014, 2015.

## Skills

- Programming Languages: Java, Matlab, Python, Javascript, C/C++, Shell,  $\LaTeX$ .
- Natural Languages: Chinese (native), English (fluent), German (intermediate level), Japanese (beginner level).
