List of Publications: Willem Waegeman

Last updated: April 2014
h-index: 12 (Google Scholar)

Journal Papers (appearing in Web of Science)

26) S. Fukuda, B. De Baets, **W. Waegeman**, J. Verwaeren, A. Mouton, Habitat prediction and knowledge extraction for spawning European grayling (Thymallus thymallus L.) using a broad range of species distribution models Environmental Modelling & Software 447 p1-6 2013.

**Books**

**Book chapters**

**Peer-reviewed conference papers**

11) D. Devlaminck, **W. Waegeman**, B. Bauwens, B. Wyns, G. Otte, L. Boullart, P. Santens, Directional Predictions for 4-class BCI Data, European Symposium on Artificial Neural Networks, Bruges, Belgium, 6 pages, 2010.

4) **W. Waegeman**, B. De Baets and L. Boullart, Learning a Layered Graph with a Maximal Number of Paths Connecting Source and Sink, ICML Workshop on Constrained Optimization and Structured Output Spaces, Corvallis, OR, USA, 6 pages, 2007.

Data Mining Competitions

Whitepapers

Abstract of PhD-thesis as journal paper

International tutorials

Lectures on invitation

W. Waegeman, Exploiting Label Dependencies in Multi-Target Prediction Methods, SML 2012, Spring Workshop on Mining and Learning, Bad Neuenahr, Germany, April 2012.

W. Waegeman, Conditional Ranking on Relational Data, Annual Darmstadt-Marburg Seminar, University of Darmstadt, Germany, August 2011.

W. Waegeman, Machine Learning Methods for Spectral Data Analysis, MALDI-TOF Workshop, Department of Microbiology, Ghent University, September 2010.

W. Waegeman, Conditional Ranking on Relational Data, University of Liège, Liège, Belgium, 2010.

Abstracts of lectures and poster presentations
