

# Bo Kang

Ghent University  
Internet Technology and Data Science Lab  
Technologiepark Zwijnaarde 122  
Ghent, 9052

Phone: +32 4856 13164  
Email: bo.kang@ugent.be  
Homepage: users.ugent.be/~bkang

## Education

- **Ph.D., Computer Science**  
Faculty of Engineering and Architecture, Ghent University, Belgium, 2015 - 2019
- **M.Sc., Computer Science**  
Institute of Computer Science, University of Bonn, Germany, 2012 - 2015  
**Grade: 1.0/1.0, ausgezeichnet**
- **B.Eng., Software Engineering**  
College of Software Engineering, Sichuan University, China, 2005 - 2009  
**Grade: 2.3/1.0, gut**

## Work Experience

- **Ghent University**, Ghent, Belgium, 01/2020 - now.  
*Postdoc*  
I am currently involved in multiple projects from the Flanders AI Research (FLAIR) consortium, focusing on topics: AI-assisted data exploration (WP3), trustworthy AI (WP5), industrial use case on public employment services (WP8-T8.3). At the same time, I am leading the implementation of Tijl's ERC PoC project "FEAST". I am also co-advising master and Ph.D. students in various other projects.
- **Ghent University**, Ghent, Belgium, 10/2015 - 12/2019.  
*Doctoral Student*, Advisors: Prof. Tijl De Bie, Dr. Jefrey Lijffijt  
I am working on project "FORSIED" - formalizing subjective interestingness in exploratory data mining. My primary interests are data mining and machine learning, and more specifically dimensionality reduction algorithms for visualization.
- **Facebook AI**, New York, United States, 06/2018 - 10/2018.  
*Research Intern*, Advisor: Dr. Darío García García  
I was working on a dimensionality reduction method that removes known factors from the lower dimensional representations.
- **University of Bristol**, Bristol, United Kingdom, 06/2015 - 09/2015.  
*Research Staff*, Advisors: Prof. Tijl De Bie, Dr. Jefrey Lijffijt  
I worked on project "FORSIED" - formalizing subjective interestingness in exploratory data mining.
- **Fraunhofer IAIS**, Schloss Birlinghoven, Germany, 06/2012 - 05/2015.  
*Research Assistant*, Advisors: Dr. Mario Boley, Dr. Tamas Horvath, Prof. Stefan Wrobel  
We investigated co-active learning models and adaptive time-allocation strategies to develop an exploratory data analysis system - "One Click Mining". This project later evolved into two open source projects: realKD and Creed.

- **University of Bonn**, Bonn, Germany, 09/2012 - 12/2012.  
*Research Assistant*, Advisors: David Dröschel, Prof. Sven Behnke  
 I worked on the visual odometry module of a lightweight quadcopter.

## Talks and Posters

- **B. Kang**, Talk: “A Recommender Platform Deployed on VDAB Data”, *FLAIR WP8-T8.3 Workshop*, Ghent, 2021.
- **B. Kang**, Talk: “Conditional Network Embeddings”, *BNAIC19 & Benelearn19*, Brussels, 2019.
- **B. Kang**, Talk: “Conditional t-SNE”, *Tufts University*, United States, 2018.
- **B. Kang**, D. Cashman, R. Chang, J. Lijffijt, and T. De Bie, Poster: “CLIPPR: Maximally Informative CLIPped PROjections with Bounding Regions”, in *Proceedings of the IEEE VIS*, 2018.
- **B. Kang**, J. Lijffijt, R. Santos-Rodríguez, T. De Bie, Poster: “A graph based approach for formalizing subjective interestingness of data projections”, *The 14th International Symposium on Intelligent Data Analysis (IDA)*, 2015.
- **B. Kang**, Talk: “One click mining: Interactive local pattern discovery through implicit preference and performance learning”, *Advanced Database Research and Modeling Group*, University of Antwerp, Belgium, 2013.

## Teaching Experiences

- Ghent University, Spring Semester 2016, 2017, 2018, 2019, 2020, 2021  
Teaching Assistant, I am supervising the laboratory classes of the *Big Data Science* lecture.
- University of Bonn, Summer Semester 2014  
Teaching Assistant, I was giving the exercises of the *Data Mining* lecture.
- University of Bonn, Winter Semester 2013  
Teaching Assistant, I was giving the exercises of the *Machine Learning* lecture.
- University of Bonn, Summer Semester 2013  
Teaching Assistant, I was correcting the assignments of the *Data Mining* lecture.

## Awards

- IBM Innovation Award, 2020.
- International Conference on Learning Representations (ICLR) Travel Award, 2019.

## Community Services

### Organisation of conferences, workshops

- Co-chair. ECML-PKDD Workshop on Fair, Effective and Sustainable Talent Management Using Data Science (FEAST 2021), Virtual, Spain.

- Co-chair. ECML-PKDD Workshop on Graph Embedding and Mining (GEM 2021), Virtual, Spain.
- Web chair, Virtual conference co-chair. European Conference of Machine Learning and Principles and Practices of Knowledge Discovery in Databases (ECML-PKDD 2020), Ghent, Belgium.
- Co-chair. ECML-PKDD Workshop on Graph Embedding and Mining (GEM 2020), Ghent, Belgium.
- Co-chair. ECML-PKDD Workshop on Graph Embedding and Mining (GEM 2019), Würzburg, Germany.

### Reviewer for journals

- Machine Learning Journal (MLJ)
- IEEE Transactions on Knowledge and Data Engineering (TKDE)

### Program committee member for conferences and workshops

- *European Conference of Machine Learning and Principles and Practices of Knowledge Discovery in Databases* (ECML-PKDD), 2016, 2017, 2018, 2019, 2020, 2021.
- *ACM RecSys Workshop on Recommender Systems for Human Resources* (RecSys in HR), 2021.
- *SIAM International Conference on Data Mining* (SDM), 2021.
- *The Web Conference* (WWW), 2021.
- *International Joint Conference on Artificial Intelligence* (IJCAI), 2020.
- *European Conference on Artificial Intelligence* (ECAI), 2020.
- *ACM SIGKDD Workshop on Interactive Data Exploration and Analytics* (IDEA), 2017, 2018.
- *International Conference on Discovery Science* (DS), 2018.
- *Computer Science Conference for University of Bonn Students* (CSCUBS), 2014, 2015.

### Thesis committee member

- Xander Vankwikelberge, “ExClus: Explainable Clustering on Low-dimensional Data Representations”, Master of Computer Science Engineering, Ghent University, 2021.
- Robin Vandaele, “Topological Inference in Graphs and Images”, Doctor of Computer Science Engineering, Ghent University, 2020.

### Skills

- Programming Languages: Python, Javascript, Java, Scheme. Matlab, C/C++, Shell, L<sup>A</sup>T<sub>E</sub>X.
- Tools: PyTorch, TensorFlow, Spark, Kafka, Docker, MLFlow, Metaflow, Elastic Stack, Vue.js, React, D3.js, Dash Plotly.
- Natural Languages: Chinese (native), English (fluent), German (intermediate level), Dutch (beginner level), Japanese (beginner level).
