Ja toch wel, maar mijn voornaam is niet echt. Alleen lees ik wel berichtjes aan mij en beantwoord ze ook, Lotte, terwijl echte nepprofielen foto's bevatten van leuke mensen uit een andere tijd of uit een ander continent en hun berichtjes worden beantwoord door professionelen (Net zoals 10 jaar geleden, die zogezegde arme Oekraïense meisjes met hun beeldschone foto's die toelukkig op het adres van een west-Europese man waren gevallen en hem nu voor de rest van zijn leven gelukkig wilden maken, maar dan, net voor ze het vliegtuig westwaarts namen, eenpak geld te weinig hadden gespaard – anders zouden ze er morgen al zijn om hen gelukkig te maken, maar nu moest hij even enkele euro's overschrijven. Hier is het verschllend: de inkomsten zijnde berichtjes (reken even na hoeveel 1 klikje jost en hoeveel coins je per dag hoort te kopen voor je normale verkeer. Sommige vrouwen beweren geen andere communicatie middelen te hebben. maar verbruiken hier voldoende om zich om de 2 dagen een splinternieuwe smartphone te kopen.

Sites die bemiddelen met sekswerkers zijn nog het eerlijkst: je krijgt gratis emailadressen en komt de prijs vooraf overeen met de vrouw die je verkoos aan te schrijven.
